

Mail2Task Demo Review Request

Date: 2026-04-29

From: Service Planning Team

To: Demo Review Recipient

Priority: High

Purpose

This document is attached to a company-style demo email for the Mail2Task workflow.

The recipient is asked to review the request and reply with a short summary and timeline.

Requested Actions

1. Review the attached demo request and confirm receipt.
2. Summarize the key work items from the email and this document.
3. Share an estimated schedule and any important implementation risks.

Deadlines

- First response due: 2026-05-02 16:00
- Final summary due: 2026-05-05 10:00

Expected Reply Items

- Review summary
- Estimated implementation timeline
- One or two high-priority risks

Supporting Details

Background

Mail2Task is being demonstrated as a workflow that can ingest email, extract tasks, capture deadlines, and manage follow-up items from business mail.

Demo Notes

- The email subject should look like a real internal work request.
- The body should include a clear priority, owner, and deadline.
- The attachment should reinforce the action items in a simple format.
